SAUNAS

Aromatic Sauna

Temp. 40-42° / Humidity 60-70%

The aromas in this sauna make a valuable contribution towards eliminating stress and easing respiration. It is the initial tepid room where the body is prepared for the perspiration that takes place inside the Caligo Sauna.

Caligo Sauna

Temp 42-45° / Humidity 90-98%

The high percentage of humidity in this sauna forms a cloud of stratified temperatures, which is excellent for relaxing the muscles of the body and reducing tension. The detoxifying and skin-

purifying action of the steam bath makes the skin soft and silky.

Olive Tree Sauna

Temp 50-60° / Humidity 40%

Panelled in wood from this valuable tree, this sauna is ideal for detoxifying the skin, which becomes glowing and clear. The temperature of this bio-sauna also promotes relaxation and night time sleep and prepares the body for the high temperature and low humidity of the Water and Fire sauna.

Water and Fire Sauna

Temp 75-90° / Humidity 10%

The high temperature and low humidity of this Finnish sauna allows you to achieve considerable organic and metabolic stimulation, thereby promoting cell turnover, toxin elimination and stimulation of the neuro-vegetative system.

CHARME D'ORIENT AREA

This area evokes the magic of an opulent oriental ambience. A reminiscent journey in which body, mind and spirit get lost in the inebriating fragrances of three areas:

Hamman

Temp 45-48° / Humidity 80%

Inspired by the beauty of the enchanting oriental palaces, the Hamman distances us from daily life where everything is rational, stressful and rushed, taking us back to the natural balance between movement and rest, exercise and relaxation, reality and fantasy.

Lady Sauna

Temp 38-42° / Humidity 50%

This is for ladies only and has a delicate perfume which envelops the body in an atmosphere that evokes summer gardens by the lake. It stimulates the circulation and purifies the skin, melting away tensions and relaxing the body.

Sunset Relax

A suggestive relaxation area, offering a wide selection of fine teas.

NEW

Water, light, energy: an experiential shower to awaken the senses through jets of water and enveloping lights.

OTHER

The Stream: this cool water stream is excellent for people with a sensation of heavy legs and problems of circulation in the lower limbs.

Crash- Ice Fountain: Rubbing ice over the body is ideal for stimulating blood flow and for a pleasant sensation of freshness after a sauna or hot bath.

Ice Pool

Temp 12-17°

The cold water closes the skin pores, helping cutaneous vascularization. The nervous system is stimulated by the cold water which produces positive impulses for the heartbeat breathing activity and blood circulation.

MAN AND NATURE IN SILENCE AND AMONG THE STARS: TRILOGY IN THE AIR.

The contact with nature is the first step to purify both mind and body. At Lefay Resort & SPA Lago di Garda, the temple of holistic wellness stretches into the wonderful 11-hectare park that surrounds the Resort. Within this setting, where man and nature are close to each other, three different trails have been created: the Energy and Therapeutic Garden, whose energetic stations are based on the principles of Classical Chinese Medicine; the Running Circuit and the Fitness Path for outdoor activities. Here, the physical-energetic rebalancing classes, which are an integral part of the Lefay SPA philosophy, take place in front of a unique view.

ENERGY AND THERAPEUTIC GARDEN Il Simbolo della Vita

Consistently with the principles of Classical Chinese Medicine and the idea that there is no separation between people and their natural environment, the energy concept and the theory of the five movements have been explored both in the indoor and outdoor at Lefay SPA. Great attention has been paid to the Energy and Therapeutic Garden's project, which is the result of the collaboration between the Lefay SPA Method Scientific Committee and the designers. The "Il Simbolo della Vita" Energy and Therapeutic Garden traces the stages of life and is composed by five different stations full of symbolisms. These circuits, with various shapes, colours, essences and specific postures and meditation activities, have a significant

effect on the body and the function of indicating to the small elements that compose us, the need to enter in the nature and, perceiving it as an ally, to exercise and unwind within it.

THE GREEN DRAGON

Restorative for restlessness, impetuosity and anger. Located in the East, it represents the renewal of nature, the spring, the dawn of life. It is in the middle of a forest and is characterised by the element wood.

ACTIVITIES

Stretching of the Meridians: postures and exercises that relax muscles, tendons and open up joints eliminating energy and mental blockages.

Perception walking: during a silent walk with closed eyes through the Park, a deep relationship with the surrounding environment develops through the simple act of walking; this allows us to rediscover "in a new and conscious way" senses that in everyday life we use only unconsciously.

Recommended massage: **The Green Dragon.**

The Western-style manipulation technique follows the energy lines symbolically related to spring and dawn, i.e. meridians of the liver and the gallbladder. It has a relaxing effect on the muscles and on the whole body. During the massage, olive oil flavoured with a few drops of rosemary and mint essential oils is used, along with green cromotherapy.

THE RED PHOENIX

Stimulates the senses, encourages joy and harmony with oneself and with nature. It is positioned in the South and represents the culmination of energy, the summer, noon. The Red Phoenix is characterised by the red colour.

ACTIVITIES

WU QIN XI- Five animals Qi Gong: ancient exercises whose main therapeutic function is to activate the Five Organs (liver, heart, spleen, lungs, kidneys) together with their related functions and energy phases. Suitable for all ages and recommended for the prevention and treatment of pathological symptoms.

Mindfulness Meditation: Focus on the “here and now”. Maintain serenity and feel the necessary strength to eliminate negative thoughts, making room for positive and enabling reflections. The goal is to achieve a state of deep well-being, feeling that everything is wonderful and perfect. It is suggested to perform the practice at sunrise; the ideal moment for mindfulness meditation.

Recommended massage: **The Red Phoenix.**

Carried out using Chinese massage techniques, it works on the energy lines corresponding symbolically to summer and noon, i.e. meridian of the heart. It has a relaxing effect, as the Red Phoenix reborn from its ashes with renewed energy. During the massage, olive oil flavoured with essential oils of lavender and rose is used, along with red cromotherapy.

THE WHITE TIGER

It encourages concentration and meditation. This is positioned in the West and it is the mirror of inner place. It represents the start of gathering and meditation, Autumn and sunset. The colour white and metal benches dominate in this area.

ACTIVITIES

Yoga: an ancient wisdom system which aims to reunite soul and spirit, eliminate influences and provide greater awareness of our vital and physiological processes and, more generally, of our whole body.

Stress-relieving breathing: controlling and being aware of our breathing facilitates the elimination of toxins, improves blood and lymphatic circulation, frees us from anxiety and fear, strengthens the immune system, improves digestion and purifies the body. It is suggested to perform the practice at Sunset; the ideal moment for this type of meditation.

Recommended massage: **The White Tiger.**

Carried out using Western techniques. It involves the entire body and works specifically on its balancing energy points with the aim of relaxing and increasing the energy levels in the body. During the massage, essential oils of eucalyptus and thyme are used, while cromotherapy suggests white or light colours.

THE BLACK TORTOISE

Refocuses and gathers dissipated energy in times of stress. The Black Tortoise is found in a valley facing North. It is the station of the relationship with ourselves and is associated to Winter and the end of the day. It features a rocky cave, a small river and benches of bare rock.

ACTIVITIES

Qi Gong: Chinese practice that in its simplicity teaches us to go deep within ourselves by momentarily closing the doors to the outside world; this allows us to learn, through body, mind and breath, all about us.

Conscious full-body walking: reprogramming the entire body through the experience of walking. The aim of the session is the perception, understanding and experiencing of the lesser known but fundamental body principles that are triggered when we walk in the nature. A deep-rooted, effortless form flows and uncovers a new way of walking. Every single step is not only a discovery of the outside world but also of the inside.

Recommended massage: **Black Tortoise.**

It deeply nourishes the body, rebalancing the energy lines that reinforce the body's structure, with anti-ageing effects, it provides tone and vitality to all energetic and metabolic functions. During the massage, vaporised essential oils of juniper and cypress are used, while, in terms of chromotherapy, we suggest black or dark colours.

THE CENTRE

It energetically connects all individual stages. This station is located in the centre of the energy and therapeutic garden on a hill covered in yellow flowers. It is the connection of all the stations and offers unique breathtaking views.

ACTIVITIES

Qi Gong's six healing sounds: Zi Jue or "The Six Healing Sounds", is an ancient form of Qi Gong, composed of slow, wide and harmonious exercises performed together with vocalisations of six specific sounds during exhalation. Posture and movements "resonate" with the pronunciation of the six syllables, increasing their effectiveness. It energises and provides calmness, helping to cure some chronic diseases.

Zazen Meditation: to awaken to True Life and help us overcome attachments. Zazen, "simply sitting" means sitting without looking to achieve any goals or expectations, without wanting anything and without thinking. The difficulty lies precisely in this word: simply. Zazen means abandoning knowledge to enter into non-knowledge, embracing all things and not just one. The revelation of what we really are, the rediscovery of what we have always been.

Recommended massage: **The Centre.**

It aims to illuminate the skin and relax the muscles of the face. It begins with the application of essential oils of lemon and lemon balm on the fingertips, where the energy lines that function on the muscles of head and face start. During the traditional draining massage, specific energy points on the head are stimulated with a profoundly relaxing effect. Here cromotherapy suggests yellow.

LEFAY SPA SIGNATURE TREATMENTS

Lefay SPA Signature treatments have been created combining traditional massage techniques to stimulate energy points and meridians, and are tailor-made for the individual's physical and mental state, for a deep and long-lasting result. The Signature offer includes: energy massages, energy aesthetic treatments for the face and body and special treatments using perfumes and essences from the local area.

01.

FACE & BODY ENERGY BALANCING MASSAGES

The Lefay SPA massages aim to reactivate energy channels as well as rebalance the energy of body and mind, and are personalised according to the individual's psycho-physical status. They have been developed by associating the principles of Classical Chinese Medicine with Western techniques, thanks to a combination of traditional massages techniques with the stimulation of "points and meridians" which activate the "energy" systems, ensuring that the treatment is deep and long-lasting. This method enhances the effects of a traditional massage, because the body receives an "energy message" which will be remembered and elaborated with time. All massages are carried out with natural certified products and are accompanied by aromatherapy with essential oils following the rhythm of the seasons.

BODY MASSAGES

RELAXING

Scambio nel Vento

Much of our daily tensions are embedded onto different areas of the body, especially the head, neck and shoulders. Other energy points are activated to nourish the whole organism, thereby eliminating stress. The rejuvenated body will be able to perceive lightness as the overwhelming feeling of relaxation, peace of mind and change.

REBALANCING TUINA WITH MOXIBUSTION

I Colori dell'Uomo

Yellow: regulates anxiety and sadness, the centre of the individual. Enveloping massage that uses techniques to bring energy inside the body.

NON INVASIVE AESTHETIC MEDICINE

THE NATURAL DIRECTION OF BEAUTY

The treatments are based on an approach to rejuvenation that guarantees effective, safe and harmonious results over time using non-invasive techniques and tools designed to improve skin blemishes. The Lefay SPA innovative energy aesthetic treatments, included in this section, are based on the use of acupuncture for aesthetic purposes.

01.

ENERGY AESTHETIC MEDICINE

Chinese Aesthetic Medicine (Mei Rong) has its roots in 475–221 B.C., at the time of the so-called Warring States, which fought for supremacy of Ancient China. It was a time in history when aesthetic acupuncture was reserved solely for imperial concubines and was considered valuable for preserving good health and slowing the ageing process. The Huangdi Neijing, the most important Classical Chinese Medicine text dating back to the 1st–2nd century B.C., documents the effects produced by ageing on the skin and body. The work suggests acupuncture, moxibustion, massages and Qi Gong as the principal techniques for slowing the signs of time.

FACE

ACULIFTING AND FACE MASSAGE WITH GUA SHA Farfalla di Seta

East and West meet in this effective non-invasive and non-toxic lifting treatment. The treatment starts with acupuncture that aims to slow the formation of wrinkles and stimulates the facial energy points to make the skin supple, glowing and as soft as silk. The *Gua Sha* face massage follows, which eliminates lymph fluid accumulations and reshapes the neck and mimetic facial muscles.

ANTICELLULITE

(Acupuncture with electrolipolysis and energy body massage)
Il Fluire del Ruscello

An innovative holistic treatment aimed at eliminating imperfections in the areas of the thighs and gluteal muscles. This programme involves three stages:

- Medical Diagnosis and personalised Phytotherapy carried out in accordance with the principles of Classical Chinese Medicine to identify the causes of the imperfection;
- Acupuncture to stimulate the points connected to the energetically imbalanced organs. The needles are applied to areas with greatest fluid retention or cellulite and arranged along acupuncture channels. Micro-electrodes are then used, which are set according to particular electrical frequencies and intensities;
- Massage with draining and anti-cellulite action performed with a Gua Sha, a typical Chinese technique that stimulates the acupuncture channels and points where an accumulation occurs, following specific manipulative techniques.

CRYOTHERAPY

(Total body)

The session consists of sitting in a cold chamber with temperatures ranging from -85° to -95° C for 3 to 5 minutes. The short-term cooling encourages positive reactions of the body by stimulating an increased circulatory response of the blood and lymphatic flow, toning the “inner substance”, which in Classical Chinese Medicine is called “Yin”. The treatment is suitable for reducing pain and inflammation in muscles and joints and improving body composition by accelerating the basal metabolic rate. The stimulated skin will naturally produce more collagen, resulting in a smoother and more radiant skin.

LIGHTENING TREATMENT

For mature skin with cutaneous dyschromia

Skin discolouring is an alteration associated with an accumulation of melanin pigment that gives risk to unaesthetic spots on the face and the zones of the skin that are the most exposed. This illuminating treatment improves the skin, giving it a radiant complexion and a smoother texture thanks to salicylic, lactic and citric acids. Powerful antioxidants and coenzymes inhibit melanin production, stimulating healthy cell reproduction.

NATURAL MEDICINE

ENERGY MEDICAL EXAMINATION

A seventeenth-century document described this as the song of the 10 questions since the energy doctor makes enquiries regarding certain characteristics of the body that range from dreams to digestion, trying to perceive any small changes in energy in the body before these changes develop into a disease. The doctor also observes the colouration of the skin, listens to the tone of the voice, asks about favourite foods and feels the radial pulses. This sequence allows an energy diagnosis to be made, according to which specific treatments, based on the changes encountered, are applied.

OSTEOPATHY

The ultimate objective of this therapy is good health, achieved by reducing pain, improving joint function, treating physiological dysfunctions and removing obstacles for optimal nerve transmission.

It is a type of alternative medicine that uses manipulation techniques aimed at restoring the overall balance of the body, its functions and its well-being. Osteopathy treats the individual as a whole, as a system composed of muscles, skeletal structures and internal organs connected in the nerve centres of the spine. Each constituent part of the person (psyche included) depends on the other ones and their correct functioning ensures the well-being of the entire organism.

OSTEOPATHY MANIPULATIVE TREATMENT

This is a process by which the body is guided to find harmony and integration between body, mind and spirit, which restores the self-healing powers of the individual. Because it acts primarily on bone and skeletal structures, it is more suitable for issues such as sports injuries or back pain.

MEDICAL CONSULTATIONS

GENERAL PSYCHOSOMATIC CONSULTATION

Why do diseases arise and how can we drive them away? When we experience an illness, we can lose clarity and control over our emotions. This makes us more vulnerable to inner fears and doubts. Looking at the disease from the point of view of the body, on a physical level, can restore clarity and help us to find the logical and natural source of what we are going through, helping us overcome it. Interview carried out by a psychotherapeutic doctor.
