Caligo Sauna

Temp 42-45° / Humidity 90-98%

The high percentage of humidity in this sauna forms a cloud of stratified temperatures, which is excellent for relaxing the muscles of the body and reducing tension. The detoxifying and skin-

purifying action of the steam bath makes the skin soft and silky.

Olive Tree Sauna

Panelled in wood from this valuable tree, this sauna is ideal for detoxifying the skin, which becomes glowing and clear. The temperature of this bio-sauna also promotes relaxation and night time sleep.

Water and Fire Sauna

Temp 75-90° / Humidity 10%

The high temperature and low humidity of this Finnish sauna allows you to achieve considerable organic and metabolic stimulation, thereby promoting cell turnover, toxin elimination and stimulation of the neuro-vegetative system.

CHARME D'ORIENT AREA

This area evokes the magic of an opulent oriental ambience. A reminiscent journey in which body, mind and spirit get lost in the inebriating fragrances of three areas:

Hamman

Temp 45-48° / Humidity 80%

Inspired by the beauty of the enchanting oriental palaces, the Hamman distances us from daily life where everything is rational, stressful and rushed, taking us back to the natural balance between movement and rest, exercise and relaxation, reality and fantasy.

Lady Sauna

Temp 38-42° / Humidity 50%

This is for ladies only and has a delicate perfume which envelops the body in an atmosphere that evokes summer gardens by the lake. It stimulates the circulation and purifies the skin, melting away tensions and relaxing the body.
